WOOD RIVER NOTES

Interesting Items from the Land of Promise

From the Bellevue Miner of April 7th we glean the following Bellevue has a population of nearly 600 inhabitants We expect this number to quadruple within six months

Eight feet of galena, averaging over 100 ounces, has been uncovered in the North Star, on the east fork of Wood River, some eight miles from the town of Ketchum

Over one hundred tons of galena ore are on the dump of the Minnie Moore mine, and nine feet of solid ore is in sight, averaging from 180 to 450 ounces in silver, and will go about sixty per cent lead

A chamber of carbonate ore, three and a half feet thick, was struck in the New Years mine located a mile west of Bellevue, on the 15th ult

Forty business houses have been contracted for and many of them are in course of construction at the new town of Marshall

In looking over the mortality of Bellevue, we find only two deaths have resulted from natural causes in the history of the town

The Alturas company are working throes of their mines near Galena—the Gladiator, Unis and Big Chief They employ about thirteen men

Mr Peck, of Camas Prairie, lost six mares and twenty-five head of cattle in the deep snows last month The balance of his herd was saved by driving them through three feet of snow to the Snake river

Theater—"Kentuck"

It affords us great satisfaction to praise the performance given by Mr E F Stetson and his almost faultless company in J J McClosky's melodrama "Kentuck," one of the best plays ever written together with the King of Ventriologists, Chalet, who has played most successful engagements all over the world and is pronounced by press and public to be the greatest living ventriologist Mr Stetson's part as John Woodford the Southern stock raiser, was the most natural and thoroughly artistic performance of the kind we have ever witnessed, both in direct and impersonation The support was excellent Mr Chas Mestayer in the character of Gwynn Powell the villain of the play was a careful and painstaking piece of acting Miss Grace Pierce played the simple and noble hearted girl, Isabella Carter, with much grace and sweetness, and showed a proper conception of the part In fact, Messrs Wade, Belmont Morton, Matthews, Morgan, and Miss Melba Raynor, Miss Annie Raynor and Miss Blanche Aymer all did full justice to the characters they assumed, and added to the great success of the play Mr Stetson will repeat the performance of "Kentuck" this evening by request We hope to see a crowded house, such as Mr Stetson and his excellent company deserves Go one and all and see one of the best plays and one of the best companies that ever traveled through the country

N & O News

Wages

Wells, Fargo & Co have reduced the salaries of their messengers on the Eastern division of the Central Pacific to \$90 per month The boys on the Western division were cut down to \$100, but they would not stand it, and the Company replaced the salaries at \$110

The Comstockers are coming back from Arizona This morning the train from Reno brought more passengers to Virginia than any previous train for nine months The Carson & Colorado road is doing a lively passenger business, showing that those tired of Western Nevada are not so anxious as they were to rush off to the land of the cactus and scorpion, but are disposed to search for new locations nearer home —Virginia Chronicle

Senator James G Fair arrived this morning, leaving the train at Steamboat Springs and coming the rest of the way in a four-in-hand rockaway —Virginia Chronicle

The war is over! The Confederate battle-flag was raised at half-mast the other day over the Survivors' Hall, in Augusta, Georgia, in token of respect to the memory of General Martin W Gary, of South Carolina, who was an honorary member of the Confederate Survivors Association

INSURANCE!

INSURANCE!!

THE ATTENTION OF THE PUBLIC IS called to the following notices from the April number of the "Coast Review," the recognized authority on insurance on this coast, of the Insurance Company's represented by the Agency of Jacob & Easton, and for which

W. N. Knox is Agent for Reno:

THE TRADERS'.

The Traders' Insurance Company is a conservative, well-managed company. The assets, of nearly one million dollars, consist of the very best securities, being principally United States bonds. The original capital of \$500,000, in United States bonds, has never been touched, since the organization of the company. The losses paid to date aggregate \$1,700,000, and the surplus to policy holders is \$724,000.

THE GLENS FALLS.

The Glens Falls Insurance Co., better known as the "Old and Tried," has had a remarkable record of prosperity. Its assets go beyond a million dollars, and the surplus \$723,344.33. This company does business under the Safety Fund law of New York, and shows the largest book value of stock of any fire insurance company of the United States.

BUFFALO-GERMAN.

The Buffalo-German Insurance Company also does its business under the Safety Fund law of New York, which makes its policy doubly secure. This company has assets amounting to \$295,432.73, and a surplus to policy holders of \$244,071.63. The stock of the company has a book value of \$122.04 for every hundred dollars, which brings the Buffalo-German fourth on the list of all American companies.

THE UNION.

The Union Insurance Company of Philadelphia, was incorporated in 1804, and since then has paid out in losses more than \$10,000,000. The assets of this company are about \$500,000, with a surplus to policy holders of \$300,000. This company has lately moved into their new and elegant building, the present large quarters being necessary for the transaction of their increased business.

THE TRADESMEN'S.

The Tradesmen's Insurance Company of New York City, points to an honorable and successful record of nearly a quarter of a century, suffering largely in the Chicago conflagration, and paying on the great loss alone more than the amount of its entire capital, without calling upon its stockholders for one dollar, and to-day is stronger than ever.

THE ROCHESTER GERMAN.

The Rochester German Insurance Company is a well-managed institution, writing small lines and doing a large business. It has assets of nearly a half million dollars, and a handsome surplus beyond its capital. Since its organization it has made steady progress, adding yearly to its assets, as well as to its surplus.

THE ROBE AND LEATHER.

The Shoe and Leather Insurance Company is one of Boston's best companies. The assets of the company, January 1st, 1881, amounted to \$169,939.74, and the surplus to policy holders \$57,249.54. Always prompt and honorable in paying of losses, this company has earned an enviable reputation.

THE ORIENT.

The Orient Insurance Co., of Hartford, is well known to the insuring public, having done business on this coast some years ago. The company withdrew from here for some reason or other, and has returned now intending to stay. Its assets are \$553,691.07, and the surplus \$682,611.91.
